

# FERTILIZER

# Black Magic **Defender**

TM

## 25-9-9 + Micros

### **High Performance, Browse Deterrent - Tree Fertilizer**

- > Our *Black Magic Extra* 25-9-9 formula with 1 % Humic Acid, **plus 10 % added Sulphur**, helps protect young seedlings from attack by insects, diseases and animal injury, plus providing outstanding growth performance.
- > Sulphur has been used since Ancient Times to protect plants by emitting an offensive odor and by producing toxic substances in plants throughout the growing season. Deer and other Herbivores are sensitive to Sulphur because it suggests a predator is near.
- > Sulphur is also an essential plant nutrient for protein production, formation of enzymes, vitamins and chlorophyll. It also improves root and top growth and seedling cold resistance.
- > *Black Magic Defender* contains all the Nitrogen, Phosphorous, Potassium, Sulphur & Micronutrients necessary to produce **Bigger Trees Faster** for increased yield, quality & profit.

### **Guaranteed Analysis**

Total Nitrogen .....	25.05%
22.23% Slow Release Nitrogen	
1.94% Ammoniacal Nitrogen	
0.87% Urea Nitrogen	
Available Phosphoric Acid .....	9.18%
Soluble Potash .....	9.26%
Sulphur .....	14.7%
Magnesium .....	0.88%
Boron .....	0.05%
Copper .....	0.05%
Iron .....	0.30%
Manganese .....	0.13%
Zinc .....	0.12%
Humic Acid .....	1.0%

### **Planting Instructions**

- 10 & 20 gram tea bags** : Place 2 inches from plug, on uphill side, 1 inch deep
- 30 gram tea bags** : Place 3 inches from plug, on uphill side, 1 inch deep

412B Douglas Fir Roots, 10g - 7 Months
